

PARENT INVOLVEMENT POLICY

The South Point Local School District affirms its belief that a strong home-school partnership enhances the success of children served. The following activities and policies will help ensure that parents have an opportunity to participate in the design and implementation of programs funded with federal dollars:

1. A public meeting or meetings will be held annually to which all parents will be invited to discuss program activities, progress in meeting state achievement goals, and to share ideas for design and implementation of programs funded with federal dollars.
2. Periodic progress reports and Parent Teacher Conferences shall be scheduled to share student progress toward specific instructional objectives.
3. Periodic newsletters and correspondence from the school will be provided to give parents timely information and suggestions for helping students achieve.
4. Parents will be asked for input into planning, design, and implementation of programs using federal funds.
5. Every attempt will be made to respond to any parent recommendation given.
6. Parent meetings, groups, or workshops will be offered to aid parents in their roles as facilitators of their child's learning.
7. Parents will be recruited to offer volunteer services in the school.
8. Parents will be given opportunities to meet with their child's teachers and/or school administrators if they so request.
9. The school will strive to foster positive lines of communication between the school and home.
